**Subject:** Anaconda Mine Draft NPL Deferral Agreement

Good Morning,

Attached please find a draft of the Deferral Agreement for your review and comment. Sections V and VI of this draft are based on the Region 10 Deferral Agreement; and, therefore, do not reflect parallel discussions which seek to propose revisions to these sections. NDEP anticipates that revisions to Sections V and VI will remain on a parallel track and will not be reflected in the draft Deferral Agreement until the parties have made further progress in their negotiation of these sections.

Also, our Office and NDEP kindly requests a status update on Action Item Number 2: EPA's review of the groundwater selection interim measures language, which is a material term in the Framework Agreement.

If you have an questions or concerns, please feel free to contact me.
